

## Photo Printing Online

Photos from the site can be printed by saving the image (Right click – ‘Save As’) to your PC and then using an online photo printing service such as:

Trueprint: <http://www.truprint.co.uk/registration> or

Kodak: <http://www.kodakgallery.com/Welcome.jsp>

Alternatively you can save the photo to the MY PICTURES folder and click on the toolbar on the left hand side called PICTURE TASKS. Click ‘Order Prints online’ and select a supplier.
